Remember when the mainstream media & the Hillary campaign invented the term "fake news" in an effort to discredit alternative & right of center media outlets?

Yeah, that went well.

Wardle. Let's retire the phrase 'fake news'

Flynn made contact with "the Russians"? No, he made contact with Kislyak, like hundreds of others in DC did over the course of 8 years.

...

...Worried was pinning his hopes on exposing a secret plot between Mike Flynn and Sergey Kislyak, he was in for a big disappointment. The portly, sixty-six-year-old Kislyak, who was nearing retirement, had served as Moscow's ambassador since 2008, and he was a familiar figure at Washington cocktail parties and other political gatherings (with the approval of the Obama State Department, he attended the 2016 Republican National Convention in Cleveland). Kislyak had met with practically everyone on the State Department's Russian Desk, dozens of members of the United States Senate, and the chairmen and ranking members of key committees in the House of Representatives. During that time, his phone was routinely tapped, and no one in the U.S. intelligence community ever mistook him for a spy.

I agree with you, he is a good actor. And it's good we have open minds and admit that. For me, I value others for what they do, not looks

Hi @Salon - I know you're probably busy giving a platform to pedophiles and all, but can you tell me how I'm a "proven Islamophobe" since you didn't offer any actual proof?

The rest of Britain appeared noticeably less enthused. Theresa May condemned Trump's tweets, although the Tory prime minister has rejected the Labour Party's call to cancel Trump's upcoming state visit, while Jo Cox's husband has accused Trump of attempting to legitimize the far right in Britain. Even a proven Islamophobe like InfoWars editor Paul Joseph Watson seemed alarmed.

I'm worried. I think Trump will regret this decision in 2020. Don't think he will get re-elected. I hope I'm wrong.

Complete bollocks.

In the Hollywood Access tape, Trump directly says "they let you do it". This is consent.

This is vastly different from groping sleeping women's breasts, which is what Al Franken did.

Don't let the door hit you on the way out.

Go easy on leftists.

The period between Thanksgiving & Christmas is HARD for them because it encompasses everything they hate;

Christianity, capitalism, joy, generosity, and their own families.

YouTube has censored a video released by the Polish government.

This is beyond a joke now.

Silicon Valley is out-censoring former Communist eastern European countries.

Let that sink in.

The nightmare of Japan not opening its borders to mass immigration.

Anonymous (ID [illegible]) 04/ 1 17(Tue)12 42 39 No 120619060 ▶ >>120619144 >>120619657 >>120622312 >>120622584 >>120674280 >>120624435 >>120626665 >>120629631 >>120630095 >>120632483 >>120633129 >>120634642 >>120634813

oh no the population is declining

who will buy property? guess we'll just have to lower real estate prices What a nightmare

who will pollute the oceans and create landfills guess we'll just have to watch pollution decrease What a nightmare

who will work unskilled jobs if Japan tried enough people to do them? guess we'll have to increase wages What a nightmare

with a smaller population comes more sparsely populated communities Who will commit crimes? What a nightmare

Cheaper real estate less pollution higher wages less crime How will Japan survive?

Japan will never open up. It's a fkn island Check a map. I live here and there's no sign of them opening the borders to anyone Even if u speak JP, and are skilled they won't let u in

Today in real life.... people's loved ones were diagnosed with cancer, killed in car crashes, parents lost their children, lifetime bonds were broken.

....And you're breaking down over a picture of Donald Trump.

With all respect, get some damn perspective.

The biggest racists are the left. Conversation could have nothing to do with race but they're experts at playing 6 degrees of separation to make it about race

Fol ow

Christmas is the worst day of the year for leftists.

Family, joy, happy children, Christianity, eating meat, good will to all men, enjoying the plentifulness that capitalism enables.

It's literally everything they hate.

Spare a thought for the miserable bastards.

It also exposes the left's barely concealed racism in how they think so little of black people, they expect them to not have a mind or agency of their own.

Hi @pi l ejoe

Painfully hysterical anti-Trump virtue signalling won't resurrect your flagging music career.

Ask Eminem, he should know. 😎

Also, being anti-Trump is not edgy or counter-culture. It's safe, stale and predictable.

It's less than a week old, as you admit in this article.

My original tweet also makes clear that the woman is risking prison by protesting against Iran's draconian headscarf laws.

Why is @BuzzFeed running defense for Iran's Islamic theocracy?

Dear the media;

Your "Literally, I can't even....." act whenever Trump tweets something spicy isn't interesting or relevant anymore.

Americans knew they weren't electing Woodrow Wilson.

They care about jobs & their family's future, not Trump appearing "unpresidential".

WTF

Jeep owner,

Your spare tire cover according to the manufacturer was designed to alert others of any problem you may have while being off-road

However the design has a binary effect. To those who are not aware of the above intentions, it appears like a racist statement. White. No Problem
Black. Problem

My advice to you, use this cover only when you are off road. otherwise it will be assumed that you are comfortable with the obvious racist message displayed.

Even Never Trump National Review admits Trump had a very successful year. Given the forces against him, it has been somewhat phenomenal.

Donald Trump was a joke until nominated, unelectable until elected, incompetent until he succeeded on most fronts, and about to be impeached until he debunked the collusion nonsense; he has had a very successful year. His enemies have been weighed in the balance and they have been found wanting. They shall have their reward. Merry Christmas and Happy New Year to all readers, especialy the president and Mrs. Trump

Universities are literally apologizing for calling snow white because it's "racist".

This is where we're at.

Aliens thinking of visiting probably look down and think "nah".

rt.com/uk/413049-snow ..

> University College London was forced to apologize after a 'dreaming of a white campus' tweet was deemed 'racist' by 'snowflake students'. The tweet had been intended to let students know the campus was still open as some parts of Britain remained covered by 13 inches of snow.
>
> The tweet said: *'Dreaming of a white campus? Our campuses will be open and operating fully today, Monday 11 December, so please make your way in as planned. (We can't guarantee snow but we'll try) #snowday #londonsnow'*
>
> One twitter user replied: *'You know who else dreamt of a white campus? Hitler, that's who. Disgusting.'* Kumail Jaffer, a PPE student at Warwick University urged UCL to *'retract and apologize'*. He added that if anyone does not understand why the comment is offensive, they should *'look into the history of the oppression of the PoC (People of Color),'* according to the Telegraph.
>
> UCL quickly apologized for the tweet, saying it *'chose our words very poorly. We're sorry and we'll choose our words more carefully in the future'*. The university explained it had been referring to the song 'White Christmas' and posted a link to a YouTube video of the 1942 song, which was written by Irving Berlin.

How is this not one of the biggest stories of the year?

This needs to be investigated immediately.

Sadly, Trump Is Winning

Despite his widespread unpopularity, Trump has delivered on specific promises to wealthy donors and the far right.

Right, you're the "real deal".

Is that why you're backing a total sellout Prime Minister who has sabotaged any kind of "real deal" on Brexit for the British people while attacking @Nige_Farage - the man who made it possible in the first place.

Karl Marx was a virulent racist and an anti-Semite.

★ ★ ★

All People Are Equal, but Some People Are More Equal Than Others

It's hard to argue with Walter Williams, the leading economist and well-known black conservative, when he states flatly that "Marx was an out and out racist and anti-Semite."[3] The founding father of communism freely dispensed choice epithets aimed at blacks and Jews (despite the fact that Marx himself was an ethnic Jew).[4] Marx referred to the labor organizer Ferdinand Lassalle as a "greasy Jew," "the little kike," "water-polack Jew," "Jew Braun," and "the Jewish Nigger" and wrote to Engels, "It is now perfectly clear to me that, as the shape of his head and the growth of his hair indicates, he is descended from the Negroes who joined in Moses' flight from Egypt" (Lassalle's "cranial formation," said Marx, a proud Darwinist, was the giveaway—or perhaps "his mother or grandmother on the father's side was crossed with a nigger." Marx concluded, "This union of Jew and German on a Negro base was bound to produce an extraordinary hybrid."[5] And Engels wasn't much better; he deduced with scientific accuracy that Marx's son-in-law Paul Lafargue possessed "one-eighth or one-twelfth nigger blood." In 1887 Lafargue was a political candidate for a council seat in a Paris district that contained a zoo. In an April 1887 letter to Paul's wife, Laura, Engels opined, "Being in his quality as a nigger a degree nearer to the rest of the animal kingdom than the rest of us, he is undoubtedly the most appropriate representative of that district."[6] No doubt Engels and Marx had a good chortle over that one.

Hi @mrjamesob - Why do you assume Muslims will turn to terrorism because of the embassy being moved? This is pretty Islamophobic given Islam is a religion of peace.

> LBC's James O Brien, attempting to link the two, claimed President Trump wants more Islamic terrorism and moving the embassy to its rightful place is his way of provoking it
>
> O Brien, who like many anti-Brexit voices has delved into fully-fledged conspiracy theories, told his audience this week

Communism only killed about 100 million people, why not give it another shot?

Counting the Bodies

The 1999 *Black Book of Communism*—a highly respected work published by Harvard University Press—attempted the thankless task of tabulating the total communist death toll in the twentieth century. It came up with a figure approaching a hundred million.[2] Here is the general breakdown:

- U.S.S.R. 20 million
- China 65 million
- Vietnam 1 million
- North Korea 2 million
- Cambodia 2 million deaths
- Eastern Europe 1 million
- Latin America 150,000
- Africa 1.7 million
- Afghanistan 1.5 million
- The international communist movement and Communist parties not in power: about 10,000

Not much has changed.

BY WILLIAM BLAKE

I wander thro' each charter'd street,
Near where the charter'd Thames does flow.
And mark in every face I meet
Marks of weakness, marks of woe.

In every cry of every Man,
In every Infants cry of fear,
In every voice: in every ban,
The mind-forg'd manacles I hear

How the Chimney-sweepers cry
Every blackning Church appalls,
And the hapless Soldiers sigh
Runs in blood down Palace walls

Extremely funny how they jumped on this within minutes.

Quite desperate how you could characterise my personal interpretation as a means to exploit "division".

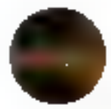
OK, so the Sam Seder tweet was originally intended as a jab AGAINST those on the left defending child rapist Roman Polanski.



Given this, MSNBC's decision to fire him was dumb and free speech advocates shouldn't have called for Seder's dismissal.

The Guardian is forced to beg for money within a breaking news live feed. Desperate times.

24m ago

Since you re here , we have a small favour to ask. More people are reading the Guardian than ever but advertising revenues across the media are falling fast And unlike many news organisations, we haven't put up a paywall we want to keep our journalism as open as we can So you can see why we need to ask for your help. The Guardian's independent, investigative journalism takes a lot of time, money and hard work to produce But we do it because we believe our perspective matters because it might well be your perspective, too.

If everyone who reads our reporting, who likes it, helps fund it, our fut re would be much more secure For as little as £1, you can support the Guardian and it only takes a minute. Make a contribution or get a subscription Guardian HQ

> We have come down quite a way from the hyperventilation about Russia "hacking the election" a year ago. What happened to Democratic Sen. Mark Warner's claim later promoted by Hillary Clinton that there were 1,000 Russian agents planting anti-Hillary fake news stories in key swing states? Or that Russians had delivered 'millions' to Trump? All the conspiracy theorists have so far are a few Facebook ads that can't credibly be shown to have changed even one vote

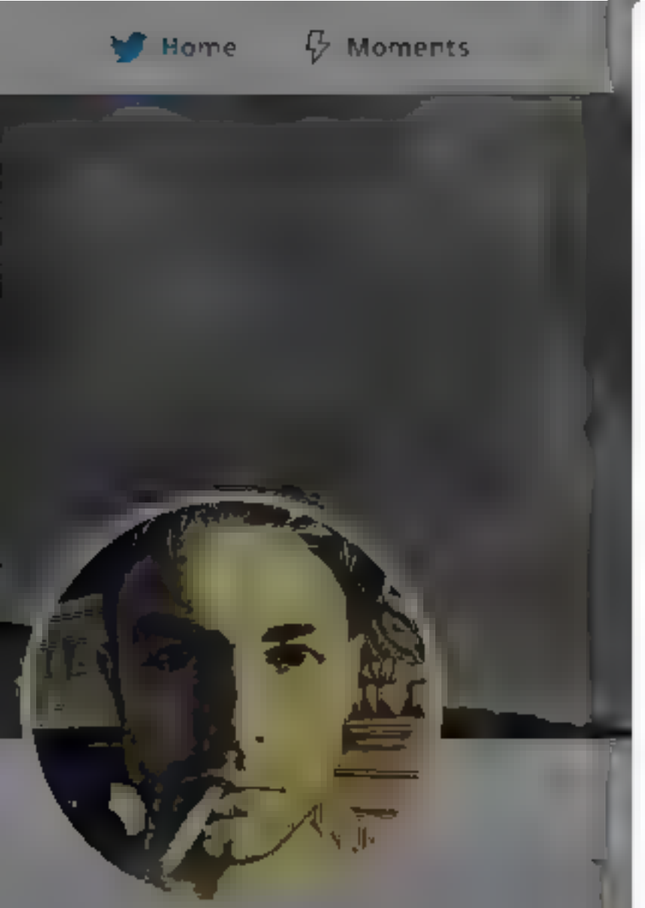
"Mansplaining": A pejorative verb coined by feminists to save them from the hassle of having to form an opposing argument.

Mansplaining

Pejorative verb

The tendency of men to over-explain things to women, even though the woman in question may be more of an expert than the man in question. A portmanteau of 'man' and 'explaining'.



DERIVATION: The term was coined to describe any communication uttered by a man to a woman that is perceived as condescending. When a man is explaining something and a woman wishes not to hear it, or believes she knows it already, she can accuse him of 'mansplaining'. When this term is invoked, it is incumbent upon the man to stop speaking until asked to do so again by the woman. The term can also be utilised to discount an idea or concept proposed by a man without going to the trouble of expressing an alternative point of view. Men accused of mansplaining should apologise to the woman concerned and reflect on their unconscious misogyny.

I Bregret nothing.

> **Bregret** [*Breh gret*]
> Anticipative verb
> To feel regret for voting for Brexit. Bregret is a portmanteau of the words Brexit and regret
> DERIVATION: The term was first coined on 24 June 2016 by supporters of Britain's continued membership of the European Union. Shocked by the result, Remain campaigners worked hard to understand the motivation of Brexit voters. After talking to each other, they concluded that the majority vote for Brexit was the result of an emotional spasm, which could only be followed by feelings of sorrow and regret. Unable to come to terms with their sense of dislocation, Remain campaigners projected their feelings of sadness and remorse on to Brexit voters. They hope that their feelings will catch on in the absence of new arguments to remain in the EU.

The truth about "hate crime".

Politically loaded noun

A hate crime is any incident which the victim, or anyone else, thinks is based on someone's prejudice towards them because of their race, religion, sexual orientation or disability.

DERIVATION: Hate crimes were enshrined in law to ensure that motivation can be considered as an aggravating factor in the prosecution of crimes and alleged crimes. For a crime to be categorised as a hate crime, it merely has to be reported by someone who believes that it is one — either to the police or on a website. It is now officially recognised that hate crime statistics can be used as a proxy for measuring the level of 'hate' in society. Left-wing political scientists have demonstrated that hate crimes have risen since Brexit. In this way, they are able to gain support for political programmes which are 'against hate'. This includes a second EU referendum and restrictions on free speech.

"It used to be the case that people who were opposed to radical Islam were considered liberal, but now we know they are simply suffering from "Islamophobia".

Phobia [*Foh-biah*]
Pejorative noun
An irrational fear of something.
DERIVATION Modern political commentators have developed a unique insight into the human condition. They have discovered that ordinary people do not have rational political opinions or belief systems but are instead suffering from a range of phobias. It used to be the case that people who were opposed to radical Islam were considered liberal, but now we know they are simply suffering from 'Islamophobia'. Those concerned about the consequences of mass immigration are, similarly, suffering from 'xenophobia'. Now that the political problem has been identified as a form of collective pathological irrationality, it can be treated. Political commentators are working hard to identify 'phobias' in every aspect of political discourse. They are successfully isolating and cauterising them. It is hoped that the mass sanitisation campaign will be successful and normal politics can be resumed soon.
USE: 'People who voted for Brexit are xenophobic. They shouldn't have the vote.'

"Post-truth": Any viewpoints that run counter to the conventional wisdom of the metropolitan elite.

Politically loaded adjective

The theory that most people are no longer able to recognise objective truth

DERIVATION The term 'post-truth' was coined in response to recent political upheavals. Phenomena such as Brexit and the election of Donald Trump demonstrate that 'the masses' are susceptible to rogue viewpoints which do not conform to the conventional wisdom of the metropolitan elite, otherwise known as 'the truth'. Experts and leaders are responsible for defining 'the truth'. Their failure to notice that most people disagree with them has led to the evolution of 'post-truth' theory. It is now understood that those thinking incorrectly are guided by emotion, petulance and gullibility – as well as various 'phobias' (see above). Experts are now working hard to resurrect 'the truth', mainly by denouncing heretics who fail to believe in it.

USE: 'People who voted for Trump are living in a post-truth world.'

When are we going to see charges against Susan Rice and the Obama admin officials who illegally spied on and unmasked American citizens?

As an American citizen, Flynn's identity was supposed to be "masked," or protected from exposure. However, Susan Rice had made sure that the names of Trump associates scooped up in intercepts would be unmasked and disseminated widely throughout the intelligence community, assuring that they would be leaked to the press.

Flynn made contact with "the Russians"? No, he made contact with Kislyak, like hundreds of others in DC did over the course of 8 years.

...d was pinning his hopes on exposing a secret plot between Mike Flynn and Sergey Kislyak, he was in for a big disappointment. The portly, sixty-six-year-old Kislyak, who was nearing retirement, had served as Moscow's ambassador since 2008, and he was a familiar figure at Washington cocktail parties and other political gatherings (with the approval of the Obama State Department, he attended the 2016 Republican National Convention in Cleveland). Kislyak had met with practically everyone on the State Department's Russian Desk, dozens of members of the United States Senate, and the chairmen and ranking members of key committees in the House of Representatives. During that time, his phone was routinely tapped, and no one in the U.S. intelligence community ever mistook him for a spy.

Your flagging system has censored a video debunking the Alt-Right (youtube.com/watch?v=n88bx5 ..).

And also a video calling for more moderate voices so as not to boost extremists (youtube.com/watch?v=otgKNK...)

Your system is completely broken.

Foi vou made this monster Britain First is a mess of vour unwitting creation You and vour censorship and vour cowardice and your pathologisation of concern about Islam and vou treatment of anv questioning of mass immigration as tantamount to a hate crime created the space for these new 'edgy' right wing movements to take root and expand In making certain things unsavable vou paved the wav for these largelv virtual loudmouth outfits to sav 'We will say the unsavable' Britain First is a cast iron example of how the chilling of public debate never ever fixes problems or disappears peoples concerns or prejudices. It merely warps them and often worsens them and forces them to take root elsewhere

What did these guardians of acceptable thought think would happen when they ringfenced Islam from ridicule with the weapons of both law and social opprobrium and made it pretty much the only ideology that we cannot freely openly criticise? If vou make concern about Islam tr to a mental sickness Islamophobia and nod as Twitter is pounced foi signs of anti-Islam sentiment as speakers are banned from campuses because they don't like Islam and as concern even about Islamist violence is treated as evidence of a prejudiced racist malaise of the mind then vou send a very clear message to sections of the public You cannot express vour views in public Not unless you want to be called racist and scum Not unless vou want to lose vour job Not unless vou want to be named and shamed bv us So go somewhere else And people do Many go to fairly mainstream right wing groups that are willing to discuss issues about religion, immigration and values. Others vote for new sometimes unattractive parties like Germany's *Alternative fur Deutschland* And some not many get drawn into groups like Britain First who make a big showy bloated deal of just how willing they are to say what we're now not meant to say

They wanted Obama to lead the Soros/Hillary/deep state "resistance" movement against Trump, but he wasn't interested and just wanted to smoke weed and play video games. Fair enough. 😎

ALL OUT WAR

Obama was in no mood to listen. He came up with a ton of excuses not to get started writing his White House memoirs, that he had been paid in advance of $60 million, he had to deliver a speech at the Kennedy Library, where he was being honored as the 2017 recipient of the Profile in Courage Award, he had to give two other speeches for which he was being paid $400,000 apiece—one at a health care luncheon sponsored by the Cantor Fitzgerald investment bank, and another to advertisers of the A&E cable network.

Jarrett was an old hand at dealing with Obama's stubborn nature, and she went to work on him. What about that Muslim ban? Was Barack going to stand for that? And how about those Dreamers, the kids who were brought here illegally as minors and whom Trump was threatening to deport? And Obamacare? And the Iran nuclear deal? And the Paris Climate Accord? And Michelle's school lunch nutrition guidelines, about which she felt so passionate? Didn't he care how his wife felt?

And she didn't stop there.

Jarrett arranged a visit by Hillary Clinton, who urged Obama to join her in leading the resistance.

Jarrett made sure that Obama received assurances of support from George Soros, who had been funding Obama since his early days in the Illinois state legislature. Soros promised that he'd put together a war chest with the help of other liberal moneybags such as investment banker David Shaw, real estate heiress Amy Goldman Fowler, venture capitalists Ryan Smith and Kenneth Levine, San Francisco-based philanthropists John and Marcia Goldman, medical device heir Jon Stryker, and real

Ireland's Top University Bans the Term "Freshman" Because It's Politically Incorrect - infowars.com/irelands-top-u ...

Vice Provost

to Academic staff Admin staff, Postgrads Unde

Dear colleagues,

We are happy to announce that the Board has approved a proposal from the Equality Committee that the title given to first- and second-year undergraduate students be changed from "Freshman" to the gender-neutral term "Fresh". This small but important change will ensure that all Trinity students are equally included by the language used to describe them; be they male, female or of another gender identity. It is a concrete expression of the university's commitment to gender equality, as set out in our Strategic Plan 2014-2019, Diversity and Inclusion Strategy and Athena

Just a reminder that the mainstream media broke every journalistic code of ethics in the book to get Hillary Clinton elected and still failed.

44 ALL OUT WAR

"Because I have become a hack I will send u the whole section that pertains to it," Thrush emailed Podesta. "Please don't share or tell anyone I did this. Tell me if I fucked up anything."

Thrush wasn't the only Hillary Clinton sycophant in the media. After he interviewed Hillary, Mark Leibovich, the chief national correspondent of the *New York Times Magazine*, emailed Jennifer Palmieri, Hillary's director of communications, offering her quote approval and promising her that she "could veto what you don't want." This violated a *New York Times* policy forbidding its reporters to give news sources approval of quotations in stories. Palmieri asked Leibovich to leave out a joke about Sarah Palin cooking mouse stew. When Leibovich's story appeared, the Palin joke was gone from his copy.

Another *Times* reporter, John Harwood, who also served as the chief Washington correspondent for CNBC, had a backdoor relationship with the Clinton campaign. In several emails to Podesta, Harwood praised Hillary's performance, offered advice on how to deal with Ben Carson if he became the Republican presidential nominee, and criticized his own newspaper for collaborating with Peter Schweizer on his best seller, *Clinton Cash*. Harwood was a moderator at a Republican presidential debate, and afterward he bragged to Podesta in an email how he had sandbagged Trump

It's when businesses make the most profit, hence being "in the black" as oppose to in the red.

That's why it's called Black Friday.

Celebrity perv random apology generator is 😄 zerohedge com/news/2017-11-2 .

As someone who grew up in a different era, the allegations against me are troubling. I **imagined that any woman would have been thrilled to see a tiny penis peeking out from below my pasty, middle-aged paunch like the head of a geriatric albino turtle moments from death,** and of course now I realize my behavior was wrong. In conclusion, I will delete my Twitter account because I hate to see people who are mad at me.

As the father of daughters, the allegations against me are troubling. I comforted myself by saying that at least I asked before I **"honked" her boobs and demanded she watch me shower**, and of course now I realize my behavior was wrong. In conclusion, I will not change anything about my actions or behavior.

As a male feminist, the allegations against me are troubling. I will devote my life to finding the real Golden Globes party molester, and of course now I realize my behavior was wrong. In conclusion, I will get the help I so desperately need because **this isn't actually my fault. I have a problem so I'm not responsible for my actions.**

As somebody who grew up in a different era, **I am deeply ashamed (but not "sorry" because that means I'm guilty of something).** It was a very long time ago, and of course now I realize my behavior was wrong. In conclusion, I have chosen to live my life as a gay man so if you say anything bad about me now you're homophobic.

Al Franken won't resign despite second accuser

A second woman has come forward to accuse the Minnesota Democrat of sexual misconduct while he was in the Senate

346 9

MATTHEW ROZSA

Sen. Al Franken, D-Minn., is struggling to save his political career

Franken has insisted that he will not resign after a photograph of him seemingly groping an unconscious woman has suddenly made him into a controversial figure. When asked about that possibility by the Minneapolis Star Tribune, a spokesperson for Franken said, "No," adding that Franken "is spending time with his family in Washington, D.C., and will be through the Thanksgiving holiday and he's doing a lot of reflecting."

Here's how the leader of the Muslim reform movement interprets it.

Today, well-intentioned women are wearing headscarves in interfaith "solidarity." But, to us, they stand on the wrong side of a lethal war of ideas that sexually objectifies women as vessels for honor and temptation, absolving men of personal responsibility

This purity culture covers, segregates, subordinates, silences, jails and kills women and girls around the world. Recently, in Bareilly, India, a father killed his daughter, 4, smashing her head against the floor when her scarf slipped from her head during dinner. In Ontario, a few years ago, a man strangled his 16-year-old sister when she defied their father, including by refusing to cover her hair. In November, a former University of Missouri instructor dragged a female relative, 14, out of school "by the hair" when he discovered she hadn't covered her hair. Today, in Iran, friends of the journalist Masih Alinejad dodge batons as they shoot photos of themselves, hair bare, in a campaign Alinejad started, #MyStealthyFreedom, to protest Iran's mandatory headscarf law

Liberals seeks to dominate any institution that can interfere with, weaken or destroy individual parental rights. Thus you will note that Liberals completely control & dominate public schools, child abuse agencies, pediatric associations, welfare departments, social service agencies & all NGO's that feign concern for the welfare of children. Why? Because in order for Liberals to impose socialism upon a people, they must undermine the ability of the people to govern themselves according to God's moral law. To accomplish this they must weaken the main support of morality. Strong families are one of the greatest threats to the final goals of Liberalism. The total disintegration of the American family in recent decades among some ethnic communities has occurred as a direct result of the design & intention of Liberals

Feel the hate. Hate is good when directed at these demonic Liberals who are the avowed enemies of God, Family Values and freedom.

Any evidence the BBC was behind this?

File: MikeWendling-BBC-4chan-Fa(...).jpg (1.77 MB, 1920x3878)

BBC caught Gaslighting 4chan Anonymous (ID: [illegible]) No.
11/18/17(Sat)19:33:14 No.149966038 [Reply] ▶ >>149968426

BBC journalist Mike Wendling has been implicated in a hoax to create fake news

He started threads called 'Operation Swedistan' with a petition to change the Swedish flag
https://archive.4plebs.org/pol/thread/149245561/
https://archive.4plebs.org/pol/thread/149700329
After these threads lost steam, the very next day, he wrote an article for BBC trending about how 4chan is weakening, with a case study of 'Operation Swedistan'
http://www.bbc.co.uk/news/blogs-trending-42003496 [[
http://archive.is/ghk4x]]

He then came back to brag about how he had "revealed" /pol/ in the MSM, complete with a new petition announcing his arrogance
https://archive.4plebs.org/pol/thread/149750584
petition: http://archive.is/WC3S

Wendling has retweeted Media Matters (Brock-Clinton) and is in charge of BBC Trending a prominent media shaping entity

BBC have been caught RED HANDED making fake news. They manufactured a story, by posting a fake petition, shilling it on /pol/ and then writing an article about it
We need to get this out there before the MSM covers it up and their anti-4chan, anti-facts agenda is fulfilled

Franken's case yet again highlights the extraordinary amount of "male feminists" who strongly virtue signal about how much they care about women while sexually harassing them behind the scenes.

Roger Stone: "There is nothing illegal or improper with someone having contact with Julian Assange or Wikileaks".

THE DONALD TRUMP JR. PILE ON

ATLANTIC MAGAZINE BS

By Roger Stone

There s nothing legal or mproper with someone having contact with Julian Assange or Wikileaks. Julian Assange is not a Russian asset and Wikileaks s not a Russian propaganda organizat on understand that the U.S. ntelligence agenc es ins st otherwise but they are utterly unable to prove it t s true n their m nds because they wanted to be

Contact between Donald Trump,jr. and Julian Assange certainly does not constitute collusion with the Russians

In fact Assange is a journal st publishing information given to him by sources just as they do at the Washington Post and the New York Times but Wikileaks record for accuracy and authenticity s far better

Neither Donald Trump Jr or Alexander N x of Cambridge Analytica did anything inappropriate. Having tried so hard to drive the phony Russian collusion narrative to distract from their own Russian profiteering (uranium One Gazprom Joule) they make casual contact with a first rate journa st muckraker treason.

The head of the Muslim reform movement says the hijab reinforces a culture that brutally oppresses young girls and women.

Do some cursory research before spouting your utter drivel.

This purity culture covers segregates, subordinates, silences, jails and kills women and girls around the world Recently, in Bareilly, India, a father killed his daughter, 1, smashing her head against the floor when her scarf slipped from her head during dinner In Ontario, a few years ago, a man strangled his 16-year-old sister when she defied their father, including by refusing to cover her hair In November, a former University of Missouri instructor dragged a female relative, 14, out of school "by the hair" when he discovered she hadn't covered her hair Today, in Iran, friends of the journalist Masih Alinejad dodge batons as they shoot photos of themselves, hair bare, in a campaign Alinejad started, #MyStealthyFreedom, to protest Iran s mandatory headscarf law.

Welcome home!

You're awesome and we're glad you're here. Let's get started by learning a few basics.

Tweets are exciting for you!

Tweets are short messages, just like the amazing texting you're probably up to you're.

Say a lot with a little.

When you're close, you can say a lot with a little bit more — under the right circumstances, you can say a lot with a lot less.

Spread the word.

The best way to find cool people to follow is to see what other cool people are following.

Get more out of what you love.

Twitter is the fastest way to get closer to someone whom they're your fan about.

Find what's happening.

Get the latest news and information about any topic instantly.

Never miss a moment.

Tweets are delivered to you the moment something's up to you arrive.

British social policy defined

An idiocy wrapped in a lunacy wrapped in an absurdity, to produce misery and squalor

Dalrymple writes.

> A tax on knowledge is a terrible th ng, but a tax on ignorance prejudice evasion and half-truth is worse That is what every British household with a television must pay for the privilege of having the earnest but frivolous lucubrations of the BBC purveyed to it, whether it wants them or not

This poll tax or licence fee as it is known is the equivalent of nearly $200 per household a year and is thus worth evading. Unfortunate y, it costs nearly three times as much to catch evaders as the l cence fees would have raised if paid One proposal is to halve the licence fee for s ng e mothers Dalrymple comments.

> In other words, we should subsidise a subsidy n the name of a universal right to misinformation and trashy entertainment (and at the same time confer yet another incentive for single parenthood)

Everything's being conflated to the point where flirting with a woman is placed in the same context as actual sexual assault.

Trial by social media mob outrage isn't justice, and it sets a horrific precedent.

No matter how hard @Sa on tries to convince you, there's no such thing as a "virtuous pedophile".

'I'm a normal guy. I just fancy six year olds: 'Virtuous' paedophile who is aroused by girls aged under 13 but 'doesn't act on his impulses' reveals why his British wife has stood by him

Gary Gibson, 65, of Oregon, is described as a non-offending pedophile
He says he is aroused by girls aged six to 12 but decides not to act on his urges
Former teacher has set up a non-profit organisation to help people like him
He told of his wife Tabitha Abel of his sexual urges five years into marriage

Former foster daughter comes face to face with the self proclaimed 'virtuous pedophile' who she claims raped her when she was ten

Gary Gibson, 65, of Oregon, is described as a non-offending pedophile
He says he's aroused by girls aged six to 12 but decides not to act on his urges
But former foster daughter says she was raped by Gary when she was ten
Autumnyra Holden, now 20, says she abused during the three months in his care
Gibson denies the allegations claiming that Holden has 'false memories'
She gets the chance to confront Gibson on tonight's Dr Phil Show
Former teacher has set up a non-profit organisation to help people like him
He told of his wife Tabitha Abel of his sexual urges five years into marriage

Hi Paul,

I'm a tech columnist for the NYT, and am writing about the strategies people use to get their content listed in search results on Google/FB/YouTube after big breaking news stories. I noticed your tweets were highly ranked in Google's search results for the Texas church shooting, and would love to speak to you about that. Is there a good time to chat?

Paul Joseph Watson
To [illegible]

There is absolutely no strategy, I wasn't even aware of it until verified libtards started bitching about it on Twitter and it got picked up by media outlets.

Neighbor said Texas church gunman was a "lunatic" who shot their pet deer.

[redacted]

We used to be neighbors with this lunatic... The people who bought our property have recently had trouble with him shooting his AR close to the property line during their granddaughters birthday... unfortunately I was FB friends with him and we went to the same high school

[redacted]

[redacted] I don't know for sure. He shot some of our "pet" fallow deer and we spoke to his step father about it. They didn't do anything of course. He wore black clothing and just seemed off. From what I know he has a history of abusing women and children.

[redacted]

[redacted] The church is about 3 5 miles from my house. I still can't believe this happened

I am white, Scottish, if you please, but it sickens me to my very core that my race of Europeans seem to be the most fucked up, out of whack, criminally minded group of people on God's Green Earth. I denounce my whiteness. I abhor it. For I am no better than the evil forefathers that have come before me, looting, pillaging, plundering and a raping. God forgive me for bearing the white mark upon my skin. I am the lowest of all your creations.

This is why SJWs refuse to engage in an exchange of ideas. They refuse to even accept your right to exist and think differently.

Marx's class analys s denied legitimacy to any po tical opposit on not just fro n "bourgeois" elements but from wit in communist movements the useless because dissenters "objective y" served the interests of the internat ona capitalist order. The relentless logic of anti-capitalist revolut on pointed to a single leader atop a single party system.

Why Does Donald Trump Want the Death Penalty for the New York Attack, But for Others? [Updated]

BY [illegible]

10 hours ago

Update: An earlier version of this article used a headline noting that Trump had publicly called for the death penalty in the New York attack, but not the Las Vegas shooting in particular. That discrepancy is probably related to the fact that the Las Vegas shooter is dead. We regret the error.

Growing Muslim fanbase. 😎

> Hey Paul, this is a bit more serious (not too much). I am a Muslim, who recently moved to the center and away from the left. I don't think I'll be moving right any time soon as I am seemingly stuck in the left libertarian center. Either way, it feels good being here, getting the other side of the story. You are one of the reasons I broke my negative/neutral stance on Trump, and looked at him a bit more positively. Though we probably have different views on Islam as a whole, you have made me realize how refugees really are a threat to countries, and BLM racism. My parents have slowly started following me moving a bit more to the center as well as me Once again thank you. (P.S. if you want to screenshot this, just hide my name).

Here's Antifa directly calling to overthrow the Trump admin & citing 'The Coming Civil War' as their template.

Can you hacks not read?

> We should recognize and hold firmly to our demand that the whole REGIME must go. This is a tremendous strength of Refuse Fascism. No one else, no other organization, has raised this demand. Yet, many are paralyzed at the thought of Trump being removed and ending up with Mike Pence. Their repulsion at Pence is warranted.
>
> Pence is now the political leader of a theocratic Christian fundamentalism—that we should more accurately call Christian fascism. Decades in the making, the roots of this are gone into extensively in *The Truth About Right-Wing Conspiracy: And Why Clinton and the Democrats Are No Answer* and *The Coming Civil War*, both by Bob Avakian, the Chairman of the Revolutionary Communist Party and architect of the new synthesis of communism.

Trump's immigration policy would end Diversity Visa Program used by terrorist to enter U.S.

Dems will try to block of course.

> The legislation would limit refugees offered permanent residency to 50,000 a year and eliminate a diversity visa lottery that the sponsors said does not promote diversity. The senators said their bill was meant to emulate systems in Canada and Australia.

There is no "stigma" behind talking about mental health. It's talked about relentlessly on TV, newspapers, magazines and the Internet.

> But there is always mental illness to offer them a way out. Mental illness and gender stuff. These are the new, exciting activities of our young people. Enjoined endlessly to express how they feel and to revel in that most valued of all qualities, victimhood, it is scarcely a surprise that many more report mental illness and gender dysphoria. Those states, today, do not have a stigma attached to them. They have instead a very potent cachet.

James Toback: Another male feminist turned (alleged) sex abuser.

huffingtonpost.com/entry/james-to

James Toback: have been getting ncreasingly bored with not just my own maleness but ma eness n general. was always obsessed with myself and writ ng versions of me n these different characters, everywhere from Harvey Keitel in Fingers to Warren Beatty in 'Bugsy' where was mag n ng myself as Bugsy Siege was always nterested in women because l ke g rls but not n as interested a way It took me unt I wrote 'Exposed' to realize that there was a whole different way of th nk ng about women n film. And Nastass,a Kinski for whom I wrote that helped me to take it to a certa n po nt And then there were nteresting female characters n different movies of mine but t wasn't unt I wrote 'When Wi l Be Loved' for Neve Campbe that thought "this s so much more nteresting to me now than writing a guy at the center of a movic" can't even beg n to get back to thinking as exc tedly about a movie where there s a man at the center nstead of a woman.

NOVEMBER 2016

Paul Joseph Watson

[illegible]

There are two 'Alt-Rights'

One is more accurately described as the New Right. These people like to wear MAGA hats, create memes & have fun.

They include whites, blacks, Asians, latinos, gays and everyone else. These are the people who helped Trump win the election.

The other faction likes to fester in dark corners of sub-reddits and obsess about Jews, racial superiority and Adolf Hitler.

This is a tiny fringe minority. They had no impact on the election.

There are many officers who feel the same and many new young officers from generation Z like myself who are fully supportive of you. I know with how politically correct the force is becoming it seems we are a force for domination and extinguishing of freedoms of

Britain is "built on the enslavement of non-white people". Really? Is that why we were the first to end slavery nearly 200 years ago.

An Act for the Abolition of Slavery throughout the British Colonies (28th August 1833)

After 1st August 1834, all slaves in the British colonies shall be emancipated, and slavery shall be abolished throughout the British possessions abroad
